Professional Experiences

Hostel Booking Website Application

MERN Stack development– Final Year Project

- Built a new application 'book-Hostel' for the hostel booking as final year project
- Designed and implemented through MERN stack development methodology.
- As a final assignment of my final year studies, I solely created and executed the 'bookHostel' application. Developed an effortless system for hostel bookings using the MERN stack, enhancing skills in entire project from design to implementation.

Tax Calculator Management System

Frontend Developer – Collaborative Development

- Frontend developer in a team of 5 people to build, design, and support the team • Improved the performance of collaborative development using SCRUM methodology
- Contributed to tax calculator system as Frontend Developer within a SCRUM team. Enhanced skills in frontend development and teamwork, ensuring successful sprints and collaborative problem-solving.

- Programming Skills: JavaScript, NodeJs (Basic).
- Web & Database: HTML, CSS, MongoDB.
- Frameworks: Express, ReactJs, Tailwind, Material UI.
- Others: Git, Postman, Visual Studio Code.

Respected,

Bhuwan Bahadur Rokaha

CEO, Eagle Vision IT

I'm writing to express the fact that I'm interested in the Eagle Vision IT post of Frontend Developer (Intern). I am eager to get the chance to join your organization with my skills and passion for web development.

With a strong foundation in HTML, CSS, and JavaScript, I am excited to utilize what I have learned in a real-world industry to further develop my abilities under the guidance of experienced professionals. I am eager to learn about Eagle Vision IT's distinctive system and consider it the perfect environment for anyone to learn and develop.I am certain that my commitment to clean code and excellent communication will allow me to make a significant contribution to your projects.

Thank you for taking the time to examine my application. I eagerly await your feedback and look forward to discussing how I may contribute to Eagle Vision IT.

Yours Sincerely,

Milan Roka
